New TOKAI iPad Application Downloading Site

Dear Sir,

We would like to announce the new downloading site of the TOKAI ipad applications. With the new site, you will be able to download all variations of TOKAI's applications which you are authorized to use thorough one account with ease. Please if not already downloaded through the new site following instructions by a TOKAI sales staff; follow the instructions below to access and download the applications.

*The applications which were downloaded from our prior downloading site, connected through our HP will expire on the 21st of April. For the continuous use of the applications please re-download before then.

◆ How To Download the Application

The installation must be done on the iPad intended to download the application to.

<Needed Environment>

iPad (Internet Access Required)
Apple ID / Apple ID password

1. Use the internet browser to access the following URL. (Safari Recommended)

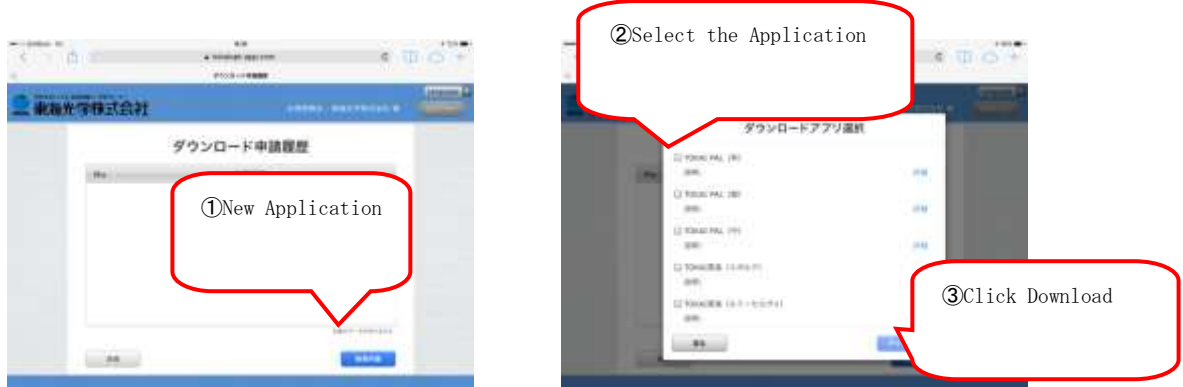

*The same banner used to access the old downloading site can also be used.

URL	https://tokaiopt-app.com/app/userlogin
-----	---

2. After accessing the URL, fill in the ID, Password, and the email address used on the iPad.

ID	Shop Code (Please Inquire the Sales Staff)
Password	0000
E-mail Address	Required

3. Once logged in, click the "New Application" button to access the list of application downloadable. Select the "Lens Thickness Simulator" and click download.

4. A confirmation window will appear, click download again to confirm downloading the application. Once confirmed you will receive an email to the address entered above containing a verification password. At the same time the URL to the download page will appear. Click it to access the download page. At the same time a password will be sent to the email address entered above.

5. You will be jumped to the App Store. Enter your Apple ID to login. Download the application.

6. Once the installation is finished, tap on the application and enter the ID and Password (provided through the email).

Wish's for further development in our relationship and our business.

Sincerely,
 TOKAI OPTICAL CO.,LTD.
